Passport: U3667125 | **Date of birth:** 19/02/1994 | **Place of birth:** Ladkhed, Maharashtra, India |

Nationality: Indian | **Gender:** Female | **Phone number:** (+91) 8855973667 (Mobile) |

Address: 01, Darwha Road, Ladkhed, Yavatmal, 445201, Maharashtra, India (Home)

ABOUT ME

ABOUT ME
Experienced Backend Java Developer with a strong foundation in enterprise software, cloud technologies, databases, and scalable backend systems. A career across banking, healthcare, public safety, and financial technology has developed strong problem-solving skills and an understanding of technology in real-world environments. The next goal is to combine this professional foundation with advanced Master's studies in Germany and move towards emerging fields such as AI, Data Science, Computer Engineering, and Cyber Security.

WORK EXPERIENCE

ASSOCIATE ENGINEER – DEUTSCHE BANK – 02/09/2024 – Current – INDIA

- Develop and maintain backend services using **Java, Spring Boot, Microservices, and REST APIs** for financial applications.
- Improve application performance, scalability, and reliability through backend optimisation and problem solving.
- Investigate and resolve production issues to maintain stable and reliable applications.
- Work with **Google Cloud Platform (GCP), Docker, CI/CD pipelines, and Git** during application releases.
- Participate in post-release validation and support activities in a regulated banking environment.
- Contribute to reliable software releases by following quality and audit requirements.
- **Key Achievement:** Improved application stability by identifying and resolving recurring production issues.

SENIOR SOFTWARE ENGINEER – NEC SOFTWARE SOLUTIONS – 01/02/2024 – 23/08/2024 – INDIA

- Supported Java and Spring Boot microservices for a mission-critical public safety application.
- Performed detailed defect analysis, troubleshooting, and backend problem solving.
- Worked on bug fixing and application improvements to maintain system reliability.
- Supported application continuity during a complex transition between organisations.
- Collaborated with technical teams to investigate and resolve application issues.
- **Key Achievement:** Helped maintain application stability and service continuity throughout a major project transition.

SOFTWARE CONSULTANT – 04/04/2022 – 31/01/2024 – INDIA

- Worked as a Software Consultant on enterprise software applications and technical solutions.
- Contributed to backend development, application support, and technical problem solving.
- Analysed application issues and supported timely resolution of software defects.
- Worked with development teams to maintain application performance and reliability.
- Applied Java-based development and database knowledge to support project requirements.
- **Key Achievement:** Gained hands-on experience in enterprise software consulting while working with technical teams to deliver stable and practical software solutions.

ASSOCIATE CONSULTANT – CAPGEMINI TECHNOLOGY SERVICES INDIA LIMITED – 31/03/2021 – 15/03/2022 – INDIA

- Developed backend logic and database functionality for healthcare applications.
- Worked with **SQL and database schemas** to support application requirements.
- Managed database changes according to evolving business needs.
- Supported accurate and reliable data processing within enterprise applications.

ANALYST – EBIX TECHNOLOGIES PRIVATE LIMITED(INDUS) – 05/03/2018 – 29/01/2021 – INDIA

- Developed features for a **Loan Origination System** using Core Java and SQL.
- Worked on backend logic, database functionality, and application workflows.
- Analysed business requirements and translated them into technical solutions.
- Worked with stakeholders to understand business processes and technical requirements.
- **Key Achievement:** Converted complex business requirements into practical database structures and application workflows.

EDUCATION AND TRAINING

03/09/2014 – 23/02/2018 Yavatmal, India

BACHELOR OF ENGINEERING IN COMPUTER ENGINEERING SANT GADGE BABA AMRAVATI UNIVERSITY

LANGUAGE SKILLS

Mother tongue(s): **MARATHI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Programming & Backend

Java | Core Java | Spring Boot | Microservices | REST APIs

Database & Data

SQL | PostgreSQL | Database Design | Database Modelling

Cloud & DevOps

Google Cloud Platform | Docker | CI/CD | Git | Azure - Basic

Software Quality & Support

Unit Testing | Code Reviews | Debugging | Defect Analysis | Production Support | Troubleshooting
